In accordance with *Chapter 61, Health and Safety Code*, the McLennan County Indigent Health Care Program (CIHCP) is intended to help ensure that needy Texas residents with low or no income that don't qualify for other state or federal health care programs have access to health care services. McLennan County residents determined to be eligible for the program will be able to receive health and medically necessary dental care services along with up to 3 prescriptions per month at no cost to them. Benefits are limited to participating administrators who provide primary, preventative and some specialty services.

## Eligibility Criteria

---

Residence – The applicant must live in McLennan County

Household – A CIHCP household is a person living alone or two or more persons living together where legal responsibility for support exists, excluding disqualified persons.

Resources – A household is eligible if the total countable household resources do not exceed \$2000

Income – A household is eligible if its monthly net income does not exceed 21% of the federal poverty guidelines (FPG) as set by the Texas Health and Human Services Commission.
